

B.A. (major) in CHILD STUDIES

Concordia University offers a stimulating and relevant undergraduate programme for those who are concerned with the needs of today's child. Whether you work with children in the home, community, hospital, school or clinical setting, Concordia's B.A. major in Child Studies offers you the opportunity to acquire knowledge, understanding and skills to enhance the growth and development of children.

Courses may be selected from a wide range of child-oriented topics including art, music, drama, psychology, family living, language arts, science and media literacy.

Full and part-time students are invited to apply to this programme for entry in either September or January. For further information please contact:
